

StyleLite®

TruGloss and TruMatte

Superior indoor cabinetry

stylelite.net

Made in Australia

EGR
DECOR

Materia Prima: Resina acrílica grado óptico de la más alta calidad.

Lámina StyleLite: es una combinación de capas transparentes (UV) y coloreadas que se fusionan en un proceso de extrusión triple.

Luego, las láminas StyleLite TruGloss y TruMatte se laminan sobre un MDF RH premium, utilizando el sistema de unión PUR Hot Melt para producir tableros StyleLite

Alta resistencia al rayado, reparable en el caso del TruGloss

Muy alta resistencia a la huella dactilar

Muy alta resistencia al UV, no decolora

Alta consistencia en la terminación: color brillo, etc.

Tapacanto igual al tablero.

Consistencia en el espesor

- Capa de adhesivo muy fina.
- Sin imperfecciones.
- Alta Resistencia al calor
- Adherencia Impermeable

StyleLite vs otras alternativas

Tablero StyleLite TruGloss / TruMatte

Los tableros StyleLite consisten en un laminado premium acrílico StyleLite de 0,8-1,0 mm de espesor aplicado sobre un MDF de 16 mm, por una o ambas caras.

Láminas StyleLite tienen Tecnología TruColor en dos terminaciones:

- **TruGloss** (Alto Brillo)
- **Tru Matte** (Mate)

Tablero StyleLite TruGloss

TruGloss (Alto Brillo):

- Máximo Alto Brillo disponible, brillo 90
- Lisura perfecta
- Reparable en caso de rayas
- Superficie durable, fácil de limpiar y mantener
- Alta resistencia uv: garantía 10 años en uso interior

Tablero StyleLite TruMatte

StyleLite®

TruMatte (Mate antihuellas)

- Terminación mate uniforme, brillo 5
- Resistente al micro-rayado y abrasión
- Superficie durable, fácil de limpiar y mantener, a diferencia de las melaminas mate.
- Acabado de superficie suave antihuellas
- Alta resistencia uv: garantía 10 años en uso interior

Tecnología TruColor

StyleLite®

Tecnología de Dos Capas

Capa superior acrílica delgada y variable.

Capa gruesa coloreada de ABS.

Tecnología Trucolor

Capa superior acrílica 50% más gruesa muy consistente.

Capa adicional coloreada de ABS, con alto grado de protección UV.

Capa base coloreada de ABS.

Ventajas Tecnología TruColor

Este proceso avanzado utiliza tres capas de material, lo que permite una mayor consistencia de las capas en toda la hoja.

Lo anterior permite asegurar una consistencia casi perfecta en los colores.

La tecnología de extrusión TruColor aumenta la resistencia al cambio de color UV de 10 a 15 veces más en comparación con las tecnologías anteriores.

StyleLite 2 caras / 1 cara

StyleLite®

Dos formatos:

- **StyleLite 2 caras:** lámina acrílica por ambas caras de 0,8-1mm de espesor. Gama completa de colores.
- **StyLite 1 cara (Essence):** lámina acrílica por una cara de 1 mm de espesor, contracara texturada ABS del mismo color. Colores seleccionados.
- Medida standard: 2440mm x 1220mm x 18mm

Sustrato MDF RH

StyleLite®

- MDF Australiano Golden Edge
- Espesor: 16 mm
- Densidad: 740 kg/m³
- Alta Resistencia a la Humedad (RH)
- 0 emisión formaldehidos (E0)

StyleLite®

Cubre Canto

- Cubre Canto ABS Alto Brillo/Mate
- El Cubre Canto Standard ajustado al color está pre-pintado listo para su instalación usando EVA hot melt o PUR.
- Gama completa de colores disponibles para StyleLite en Alto Brillo y Mate.
- Resistencia reforzada al UV

Usos más comunes de StyleLite

- Muebles de Cocina: proyectos inmobiliarios y particulares (renovaciones)
- Muebles de Baños
- Oficinas
- Tiendas

Fortalezas de StyleLite – Salud y Medio Ambiente

StyleLite inhibe el crecimiento de hongos y bacterias

La lámina StyleLite no libera emisiones nocivas en su fabricación ni posterior uso

La Lámina StyleLite puede ser reciclada

StyleLite es fabricado bajo Certificación EGR ISO 14001

El sustrato MDF utilizado en StyleLite es E0, 0 emisión formaldehidos y es fabricado bajo responsabilidad Green Tag de fuentes FSC Certificadas

- Sustrato: MDF alta densidad 740 kg/m³
- Sustrato: MDF RH – resistente a la humedad (como referencia el precio de la melamina RH es un 60% mayor)
- Tablero Laminado PUR: : no requiere de procesos de laminación
- Tablero Laminado PUR: perfectamente calibrado, no delamina
- Tecnología TruColor: Alta resistencia al uv, no decolora
- Tecnología TruColor: Alta consistencia en color entre lotes
- Lámina StyleLite 0,8mm: Sin imperfecciones
- Lámina StyleLite 0,8mm TruMatte: Antihuellas
- Doble cara en colores
- Tapacanto ABS con perfecto match del color
- Amigable con el Medio Ambiente
- Puertas con StyleLite se mantienen impecables en el tiempo.
- Tablero StyleLite: perfecto para herrajes BLUM

StyleLite[®] With TruColor's Advanced Multilayer UV Barrier Technology

StyleLite is the perfect material to create superior kitchen and bathroom cabinets, bespoke furniture, and feature panels.

Below: Kitchen featuring StyleLite Oceanic and Arctic TruMatte cabinetry.

It's an ideal solution for cabinetmakers, builders, architects and discerning homeowners looking to add the perfect finish to their creations.

Superior Features

- ▶ Available in TruGloss and TruMatte finishes
- ▶ Very easy to clean and maintain
- ▶ UV and colour change protected
- ▶ Durable surface that won't chip, crack or delaminate
- ▶ Fingerprint resistant (TruMatte)
- ▶ Repairable surface (TruGloss)
- ▶ Up to 10 Year residential indoor warranty

Applications

- ▶ Kitchen and vanity cabinets
- ▶ Office furniture and partitions
- ▶ Caravans and RV joinery
- ▶ Retail displays

TruColor is the latest and most advanced StyleLite sheet technology.

TruColor features a unique combination of clear and coloured layers that are fused together during manufacture using a sophisticated multilayer die and triple extrusion process.

Above: TruColor features a unique three layer combination

TruNatur Premium Polymer Veneer

StyleLite TruNatur range of polymer veneers are perfectly suited to compliment the StyleLite Acrylic decors. TruNatur features a carefully selected suite of natural woodgrains that have been further enhanced with a broad range of

tones from light and classic through to dark rich tones. Each TruNatur panel features a pre-finished, highly durable, lightly embossed surface that delivers the luxurious look and feel of natural smooth sanded solid timber.

Design Guidelines

StyleLite is designed for use in vertical surface applications only. Stylelite is not designed for structural applications.

For full details, refer to the Installation and Specifications Guide, available on www.stylelite.net, or talk to your local distributor.

The Environment

None of the colour pigments used in StyleLite contain heavy metals, such as lead or cadmium. StyleLite is also recyclable – making it the best choice for modern, eco-friendly interiors.

- GreenTag Platinum Health Rated

- GreenTag PHD recognized by WELL™ & LEED* Material Transparency & Optimization credits
- Meets Green Star* 'Buildings v1.0' as Recognized for Responsible Finishes

Edge Finishing

All StyleLite compatible Edge Band is of premium quality and offer high resistance to heat, abrasion, impact and colour fade.

Guaranteed Quality

StyleLite Panels are created by laminating StyleLite Acrylic Sheet front and back to a variety of substrates using our premier polyurethane (PUR) hot melt bonding system. This system produces a ripple-free finish that is highly resistant to heat, moisture and environmental change over time.

EGR Decor production facilities are recognised for achieving ISO9001 Quality Management certification for their consistent performance and quality systems.

Care & Maintenance

StyleLite products can be cleaned simply using wet microfibre cloth or chamois with non-abrasive soap.

TruGloss's ultra high gloss finish provides a mirror like appearance which can be refinished using a good quality liquid polish. (Pencil Hardness 4H)

TruMatte's smooth, matte finish provides increased scratch resistance over the gloss surfaces and is highly fingerprint resistant. (Pencil Hardness 6-7H)

StyleLite MDF Panels

Regular StyleLite panels, suitable for a range of general purpose applications. Uses premium quality moisture-resistant MDF, rated to formaldehyde emissions standard E0 or TSCA TITLE VI. Perfect for kitchen and vanity doors and panels, furniture, hinged wardrobe doors, and general cabinetry. Double sided and single sided (with colour matched backer) options available in both TruGloss and TruMatte.

StyleLite Lightweight Plywood Panels

Lightweight panels, perfect for when weight is a consideration. Uses high quality MR lightweight plywood. Great for interior fit out for caravans and RVs – from furniture and kitchen cabinetry, to vanity doors and panels. Available in both TruGloss and TruMatte.

StyleLite Sheet

StyleLite Sheet is manufactured from high quality acrylic-capped ABS, and features reverse-side treatment for superior bonding performance. StyleLite Sheet is provided ready for manual or machine lamination onto a variety of substrates.
